Show timings

Monday, 27 January: 10am – 6pm
Tuesday, 28 January: 10am – 6pm
Wednesday, 29 January: 10am – 6pm
Thursday, 30 January: 10am – 5pm

Admission to the exhibition is for trade visitors and conference delegates only.

How to get to the exhibition

There are very few parking options around the venue, so wherever possible we would strongly recommend using one of the below:

Metro: Take the red line metro route to the Dubai World Trade Centre Metro Station. The metro operates from Saturday to Wednesday from 05:50 - 00:00, Thursday from 05:30 - 01:00, and Friday from 10:00 - 01:00. Visit www.rta.ae for more information.

Taxis: The official Dubai Transport Taxis can be recognised by their cream colour and will charge you by the meter. Ladies-only taxis are also available. To book a taxi call +971 4 2080808. Taxis will be available next to the Ibis Hotel (Car Park E). There will also be a number of RTA buses available from the Arena Plaza (near Hall 1).

Shuttle Buses: Shuttle buses will be available at the Ibis hotel to take you to Za'abeel Halls 4-6 and back again. Shuttle buses will also be available to and from Dubai Mall. These will be available from the Ibis Hotel. There will be shuttle buses from Za'abeel Hall 4-6 to take you to this location.

Collect your badge early

Collect your visitor badge early to avoid the queues during the show days

Friday, 24 January: 9am – 6pm
Saturday, 25 January: 9am – 6pm
Sunday, 26 January: 9am – 6pm

Early delegate badge collection will only be from 1pm - 6pm on Sunday, 27 January.

Parking: Choose from among six paid car parks, two free car parks and onsite valet services.

There are two Multi-Storey Car Parks which have a nominal parking fee per hour and are located behind Sheikh Rashid Hall Sheikh Maktoum Hall and next to Sheikh Rashid Tower (close to Hall 1).

Please note: Vehicles are not allowed to park overnight. Any vehicle left overnight will incur a penalty fee and DWTC reserves the right to remove all vehicles remaining in the car park after the permitted 24-hour period

Parking is limited and we recommend you use alternative transport to the show.

Careem: Use code **ARABHEALTH30** to get 30% off your Careem rides from 27-20 January. Max discount of AED30 per ride. *T&Cs apply*

Artificial intelligence
is powerful...

Shared Intelligence
is (empowering)

Because everyone in the cancer fight shares the same goal.

We're combining the insights and smarts from a wide range of sources, such as artificial intelligence, machine learning, and data analytics, to build a network of collective knowledge to help you deliver advanced care. We call it Shared Intelligence™. Because when all intelligence is shared, we'll get closer to what we're all fighting for—a world without fear of cancer.

Visit [varian.com/victories](https://www.varian.com/victories) to see how Shared Intelligence can help elevate your cancer care.

Safety information: Radiation may cause side effects and may not be appropriate for all cancers.

ESSENTIALLY BETTER

Evario and Quado

Innovative products for every hospital

Thanks to its intelligent modular system the hospital bed Evario is suited for all units. Different control options, safety side systems, castors, head and footboards and optionally integrated scales create a functional and aesthetically flexible bed. The narrow bedside cabinet Quado is a real compact miracle. With its practical functions, it is particularly suitable for the everyday routines in hospitals.

Visit us at Arab Health 2020 on booth SA.D30.

- Evario usable on general wards and ICUs as well as in premium rooms
- Quado with storage space in two open compartments and a pull-out drawer on both sides
- Overbed table can be folded down in a simple and damped way
- Quado can be transported together with Stieglmeyer beds such as Evario by attaching it to the head or footboard

Our commitment to sustainability

We are working with exhibitors, event partners and attendees to make **Arab Health 2020** a sustainable event.

Our 3 aims

Here are few things that you can do to help us be more sustainable:

Be conscious of the waste you create and make use of the recycling bins

Hand in your lanyards at the end of the show

Support the blood donation drive at **Za'abeel hall 7**

Use public transport

Use reusable coffee cups

Inspiring Excellence in Healthcare

ACHS International is a leading healthcare quality improvement organisation committed to partnering with healthcare organisations to improve patient experience, safety, outcomes, and value.

We assist healthcare organisations through our suite of products and services, which are organised in the following four categories:

1. Quality Programs
2. Performance and Outcomes
3. Education
4. Consultancy

Find us at **Za'Abeel Hall, Booth Z3.H16**

We look forward to discussing opportunities to collaborate with your organisation to meet its goals for advancing patient safety, quality, and value.

ACHS International Pty Ltd (ABN 17 109 446 237) is a wholly-owned subsidiary of the Australian Council on Healthcare Standards (ABN 90 008 549 773) which is an International Society for Quality in Health Care (ISQua) External Evaluation Association (IEEA) accredited organisation

NMG Modular Design-Build Turnkey Solutions

*Creating a Future Proof
Healing Environment*

As Technology begins to play a larger role in patient delivery, healthcare facilities must be designed with adaptability in mind.

The continuous change in the healthcare industry, driven by technological advancements, requires healthcare operators to constantly reinvent their facilities.

NMG has established itself as the leading force in designing, building and furnishing highly functional, flexible, and sustainable healthcare facilities with focus on operational efficiency.

Most importantly, NMG creates spaces that are aesthetically pleasing - environments that help reduce stress and enhance the overall well-being of patients, families and caregivers.

A GLOBAL LEADER

in infection prevention, decontamination, endoscope reprocessing and full CSSD solutions

The advertisement features three main pieces of equipment. On the left is the AMSCO™ 7000HP Washer-Disinfectors, a tall grey cabinet with a glass door and a control panel. In the center is the celerity™ 20 HP Biological Indicator, a handheld device with a screen and buttons, connected to a computer monitor displaying a software interface. On the right is the V-PRO™ s2 Low Temperature Sterilization System, a tall grey cabinet with a control panel. A yellow circle with the word 'NEW' is placed near each piece of equipment. The ConnectAssure TECHNOLOGY logo is positioned above the computer monitor, which is surrounded by blue wireless signal icons.
