Exhibitor overview

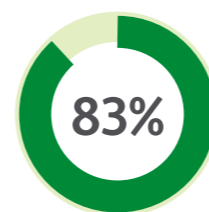

Africa Health provides the right platform to showcase a wide spectrum of products and services to the African continent which brings utmost value to your business. At Africa Health you can: generate new business, network with potential buyers, increase your international presence and brand exposure.

90% rated Africa Health as an important platform for their business

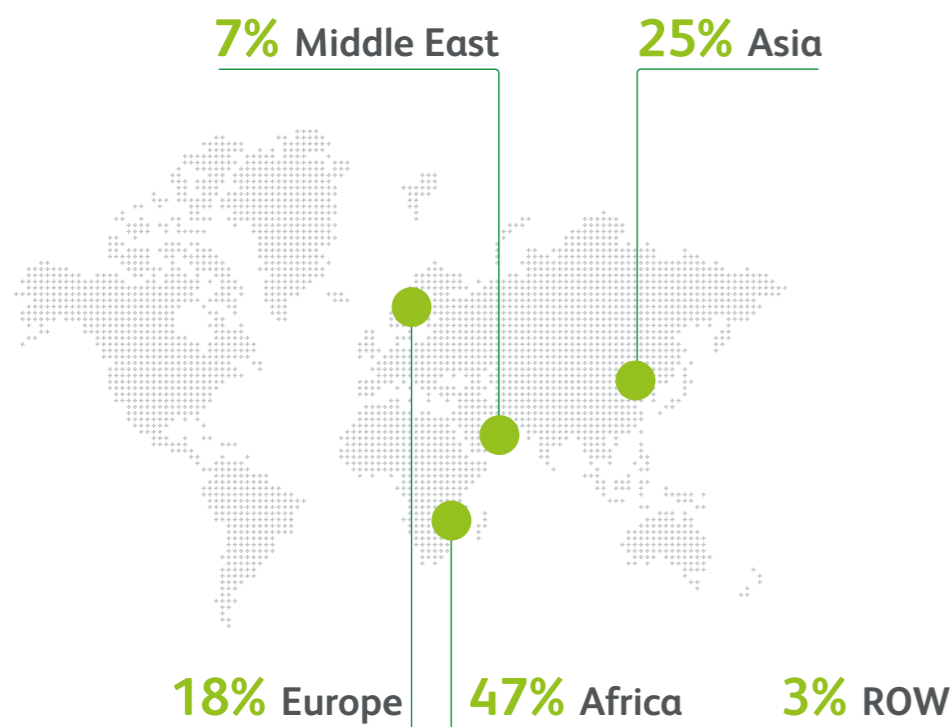

84% rated the quality of visitors from good to excellent

83% will be exhibiting again next year

Geographical statistics

“We have been a part of Africa Health from the beginning. I must say it’s great to be back in person and be able to display our new technology on the floor. For our clients, it is important to be able to experience our technology first hand. Our mission has always been to improve health care across the board, especially in Africa”

Peggy Schile – Marketing Manager - Drager

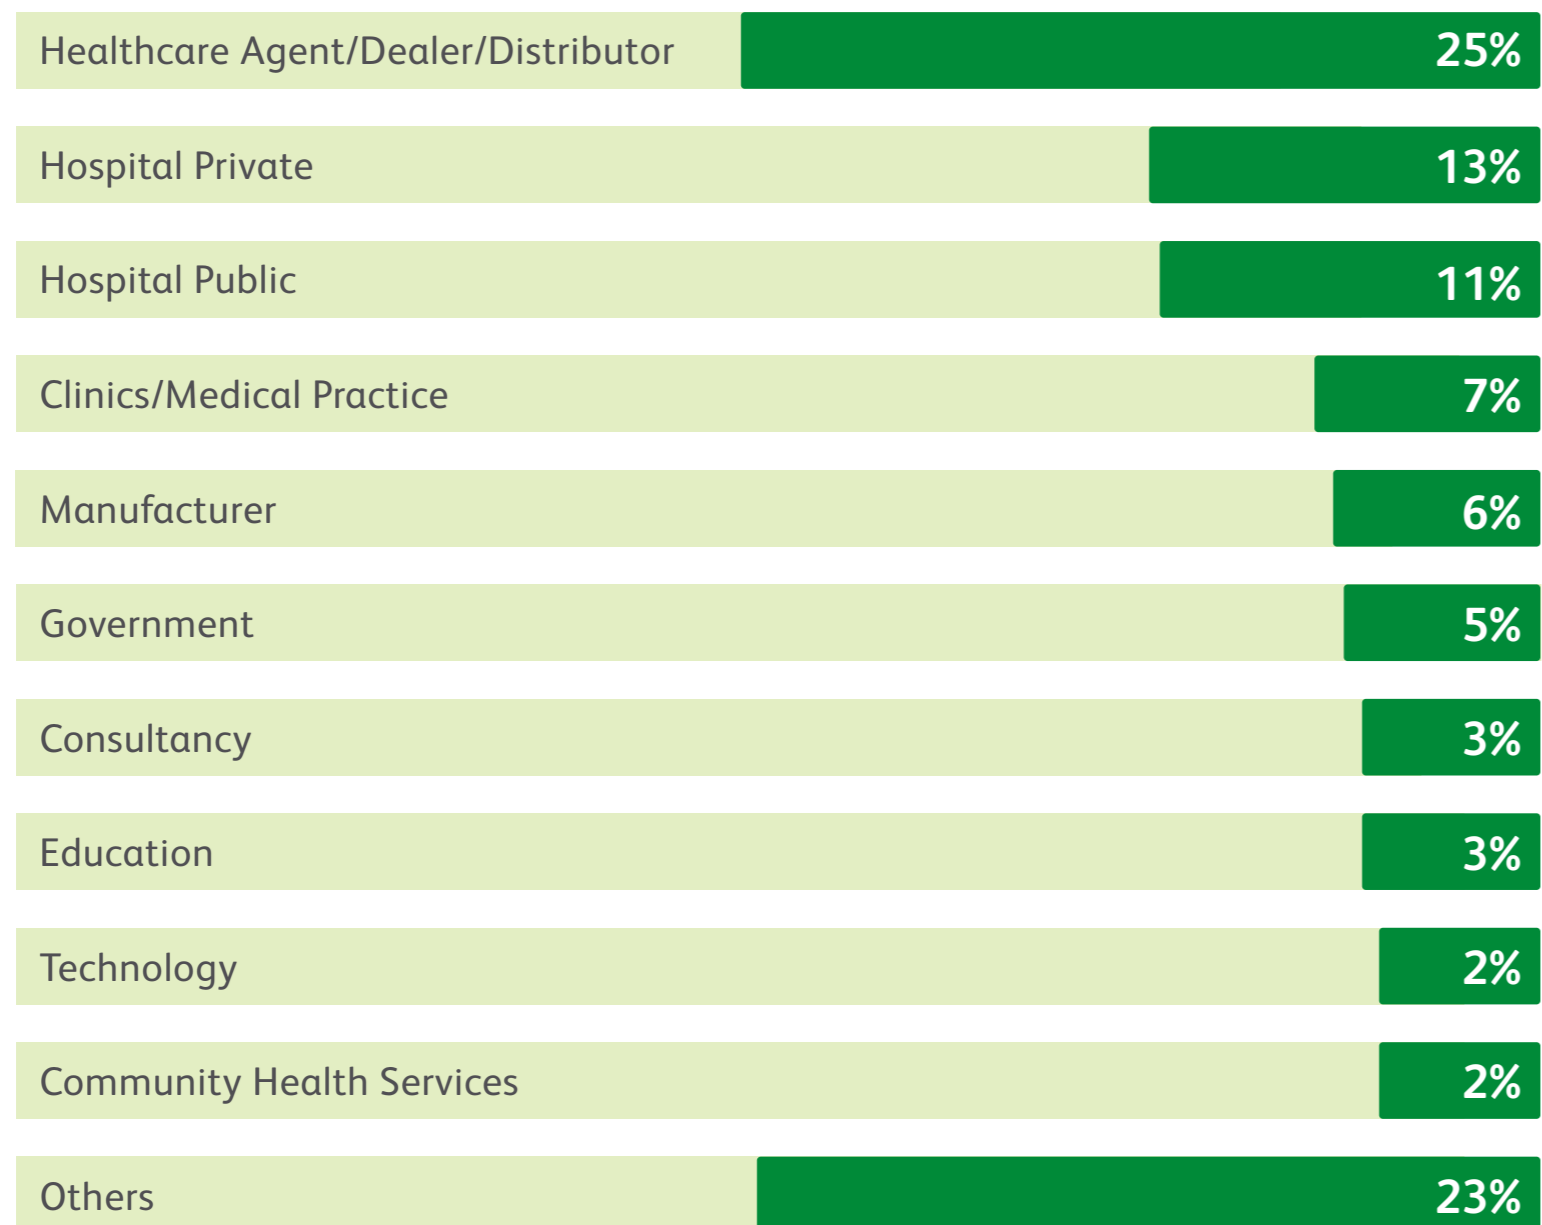

“This was a great success for us as our aim is to break into the African market and I feel that through the ample contacts we obtained from around Africa there are many opportunities for us.”

Guy Latham – Marketing and Sales - Medasil Surgery – UK
